## Easy Organizer Suite™ Threads Organizer™ Module Pack easythreads™ Module

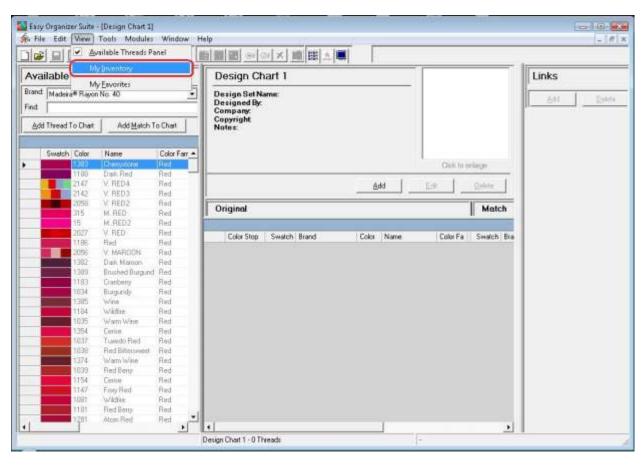

# Lesson 2 - How to Work with My Inventory

Welcome to the **easythreads**<sup>™</sup> Lessons series. As you follow through each lesson, you will learn new and exciting aspects of the **easythreads**<sup>™</sup> Module and by the end of the series you will be an expert! Each lesson will build on the last, so be sure to go through the series in order. Our second lesson will show you how to add, edit and delete My Inventory Lists and how to add and delete threads from the lists.

## Adding a new My Inventory List

 To begin, open Easy Organizer Suite<sup>™</sup> and select the easythreads<sup>™</sup> Module. If you are not already in the easythreads<sup>™</sup> Module, then select Modules → Threads Organizer → easythreads from the menu, or you can click on the easythreads<sup>™</sup> icon in the toolbar.

10. We'll add the threads to your new My Inventory.

There are four (4) ways to add threads to an Inventory List:

- Enter the thread number or color name in the Find box and press the enter key on the keyboard.
- Enter the thread number or color name in the Find box and click on the Add Thread To Chart button.
- Find the thread in the Available Threads grid and double click on the swatch.
- Find the thread in the Available Threads grid and drag the thread to the grid area of the My Inventory.
- 11. Let's use the first method, entering thread numbers into the Find box and press the enter key on the keyboard. You must select a Brand in the Available Threads panel to display the threads to enter into the My Inventory. For this lesson, select

Madeira® Rayon No. 40. Now all of the threads for Madeira® Rayon No. 40 will be displayed in the Available Threads grid.

Here is a list of Madeira® Rayon No. 40 threads to add to your new Inventory List. Enter each thread number in the Find box and then press the Enter key on the keyboard.

- 1001 **Bright White** 1032 Iris 1075 Baby Blue Wild Pink
- 1309
- 1065 Mango
- 1013 Rosewater
- 1000 Black

You will notice that as you enter each number of the thread number, the program will highlight the thread that has that number. Once you have entered the entire number, press the Enter key on your keyboard.

12. Now you will see that all the threads are added to your new My Inventory List.

17. In any chart, including a My Inventory, you can sort the grid by clicking on the column heading. So, if you want to sort the grid by the Color column in ascending order, click on the Color column heading. If you click it again, the program will sort the grid in descending order.

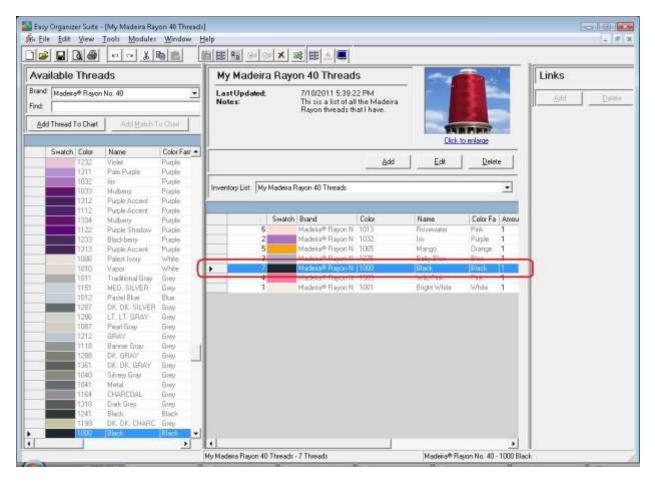

18. To resize the columns of a grid, hover the mouse over end of the column you would like to resize until the mouse becomes a resize cursor. Then click and drag the column either to the left to make the column smaller or to the right to make the column larger. When the column is the size you want, let go of the mouse button to accept the new size of the column.

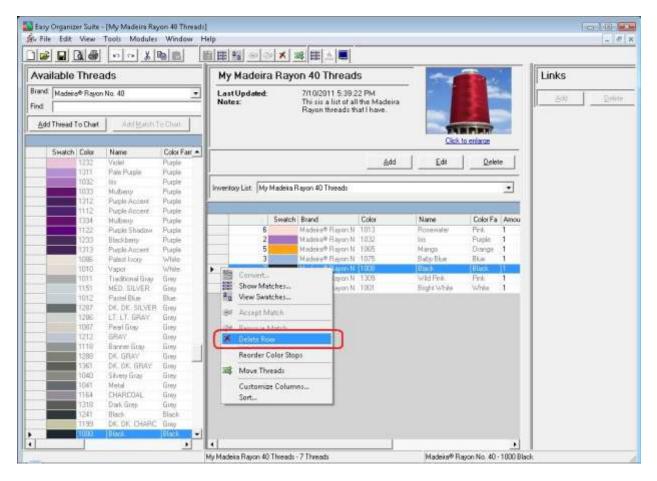

When you save the changes, the program will remember the size you have made the columns.
