

Easy Organizer Suite™

How To Temporarily Turn Off McAfee Anti-Virus Software

To download the installation, update or upgrade files for Easy Organizer Suite, the McAfee anti-virus software must be turned off temporarily. To do that, please follow these instructions:

1. Open McAfee.
2. Click Navigation.
3. Click Firewall.
4. Click Turn Off.
5. You can now download the installation, update or upgrade files for Easy Organizer Suite. The Firewall will automatically turn back on in the designated time.
